WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medicine Co.

Women who are well often ask "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it-

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinknam Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering. It has relieved women from some of the worst forms of temale ills, from dis-

placements, inflammation, electation, ir gularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering we men feel when : stored to health; their keen desire to (help other women who are suffering as

to the governor.

Clinkers

One of the most annoying conditions incidental to the operation of a coal fire is CLINKERS.

Genuine Gas House Coke Will Never Have Clinkers

If you use Gas House coke the coming winter you will never have to let your fire go out to clean out the clinkers that form on the grates. The ashes resulting from Coke fire can always be shaken through the grate and even this is not required oftener than once a day, and in many cases not so frequently, as the bed of ashes reduces the draft and only a very little draft is required when Genuine Gas House Coke is used.

> **Accept No Substitute** No Article is Just as Good Per Ton \$6.50

To be sure of obtaining the only Genuine Gas Coke, telephone 98 today and place your order for your winter's supply.

A Question of Records

FROM THE TESTIMONY UNDER OATH OF HOWELL ERNEST THEN STATE BANK EX-AMINER BY APPOINTMENT OF GOVERNOR WILLIAM C. McDONALD:

QUESTION-Governor McDonald knew generally the combitions of that bank and of Smith that were known to you, did he not?

ANSWER-He knew as much as I did QUESTION-You kept him perfectly informed all the time? ANSWER Yes ar all the correspondence and everything was submitted

FROM THE REPORT OF THE GRAND JURY OF DONA ANA COUNTY, NEW MEXICO, SITTING AT LAS CRUCES, THE COUNTY SEAT, HOME OF THE **RUINED FIRST STATE BANK. REPORT DATED MARCH 3, 1915:**

The evidence submitted to the Grand Jury shows that more than one year ago the First State Bank of Las Cruces was in a precarious condition and practically insolvent. It further shows that the State Traveling Auditor had full knowledge of that condition, and of the character of the president of that bank, T. R. H. Smith. It shows that the condition of the bank was reported to and known by the governor of New Mexico. The evidence further shows that although the governor of New Mexico and the traveling auditor knew of the existence of that condition more than one year ago, absolutely nothing was done by either said traveling auditor or the governor to require said bank to be placed in a better condition financially.

That although they possessed such knowledge as early as January 30th, 1914, no steps of any kind or character were taken by either of them to rectify said condition. That said governor and traveling auditor knew that the funds of the New Mexico College of Agriculture and Mechanic Arts were deposited in that bank continuously during that period, and that although they knew of this condition, no steps were taken by them to protect said funds, nor to notify any person connected with said institution of the condition of said bank so that said funds could be protected

We are informed by the district attorney as well as the attorney general of the state of New Mexico that there is no criminal liability against either of those state officials in which this Grand Jury could take any action.

"We believe that such condition, to say the least, is criminal negligence on the part of said officials."

The public record shows that of the twenty-one men comprosing this grand jury and submitting the above as part of their report, and who were publicly complimented in open court by the presiding judge, as he received the report, upon he faithfulness with which they had performed their duties twelve were Democrats and nine were Republicans.

> FROM THE KEYNOTE SPEECH BY WILLIAM C. McDONALD BEFORE THE DEMOCRATIC STATE **CONVENTION AT SANTA FE, AUGUST 30, 1916:**

> "Much has been said about the failure of the First State Bank of Las-Cruces. Reckless statements have been made regardless of the truth, charging that this was a political bank; that I was negligent after having known that the bank was insolvent

> "That this bank was ever used for the benefit of the Democratic party, I challenge anyone to prove, and I deny as absolutely false the statement that I ever knew at any time prior to the closing of the bank that it was in an insolvent condition. The records and reports are available for the proof of the truthfulness of this statement.

The public denial of William C. McDonald - against the testimony under oath of his appointee, the State Bank Examiner — and against the finding of 21 men-12 of them Democrats-who were sworn to an official duty and who had all the records before them.

REPAREDNESS is a big word-a word of importance to every motorist.

Don't wait until your car is stalled to think about the battery that furnishes power for your starting system. Now is the time to equip your car with an

"Exide Battery.
Years of service have proved the absolute dependability of the "Exioc" Battery. It is the original "Unit-Seal" battery-no bulky sealing compound, maximum power, easy to care for,

easy to inspect and repair. Let us show you the "Exide" and explain its many exclusive features. Remember an "Exide" means "A Sure Start Assured." Find out the condition of your battery. We inspect all makes of batteries free of charge.
